## The Daily Press.

HONGKONG, 19th May, 1864.

Several Reports having been forwarded to the Press Office, we are enabled to give a few Grand Reports.

In announcing the arrival of the celebrated violinist who accompanies Signor Rodio, we took the name from the diploma, which was presented to him, and which we misread. The Professor's name is Des Vachez.

We have been favored with the perusal of a very interesting circular dated Tokyo, which our readers may be aware is situated at the South West corner of the Island of Formosa. This circular states that about the middle of last month, the schooner "Vindrey" (which vessel is a Chinese revenue cutter) arrived with a "Customs Commissioner" and Staff. It had been intimated that the port of Takao would be opened to foreign trade from and after the 1st proximo, after which time the customs duties would have to be paid on the spot, and the system of payment was to be changed.

Whatever may be the motives of the Baron de Meritens in opening Formosa to foreign trade, the matter has had, there cannot be a question that he has conferred a great benefit on the community. We are enabled to state that the schooner "Vindrey" had been captured by the Japanese, and that the "Customs Commissioner" and Staff, who had been captured by the Japanese, had been released.

A short time ago, however, a change again came over the spirit of the dream, and orders were issued that all the bank superintendents should be paid up. In this connection, we are enabled to state that the "Grandeur" was called on to pay his share of the bank superintendents' contributions, and that he had been called on to pay his share of the bank superintendents' contributions.
